A.T.A., Kennedy, Madison, Roosevelt

Cal Young, Kelly, Monroe, Spencer Butte

Please Note:

The final regular dual track meet of the 2018 season on April 26th will still be our traditional rivalry week with each high school's feeder schools competing against each other. Programs with a new head coach in 2018 won't host a meet until week#3 to provide those coaches with additional time to better acclimate to their duties as head coach and to observe and learn the logistics for hosting a dual meet.

Based upon each school's 2018 estimated student-athlete participation:

The primary consideration in this model is an attempt to most effectively equalize the athletes competing at each sub-district location. With the estimated participation numbers that have provided by each school, these match-ups provide the smallest difference between sites in the total number of athletes competing.
